Thank you for choosing Herman Advanced Family Eyecare, where your health and safety is our primary focus. To help protect our patients and staff against the spread of COVID-19, we are continuing to practice all preventative measures put forth by the Centers for Disease Control. These include, but are not limited to:

- Regular cleaning and disinfecting counters, waiting room areas, and all spaces where public interactions occur.
- Individual exam rooms are disinfected after every patient exam.
- Glasses frames that have been tried on will be disinfected before being returned to the display areas.

**NEW CDC MASKING GUIDELINES**

The CDC has recently announced that masks are no longer required indoors for fully vaccinated people. **This recommendation does NOT apply to medical offices.**

Our patient base is very diverse in age, race and health status. All 3 of these are major risk factors for both contracting COVID-19 as well as determining it's severity. For these reasons we will continue to ask all of our our patients and guests to wear a mask while in our offices and during their exams, despite their vaccination status.

**PLEASE CALL TO SCHEDULE ALL VISITS TO OUR OFFICE**

We are limiting the number of people in each office at any given time and that will allow us to plan ahead to maintain proper social distancing. Please call ahead to schedule a time to pick up your orders or to schedule an adjustment to your current frames.

**Please call to reschedule your appointment if you have symptoms of cough, respiratory distress, or fever.** We are working diligently to ensure your safety, while at the same time provide the necessary services to meet your vision and eye care needs. Thank you for your participation in these measures.

Dr. Brian and Dr. Karen Herman and the Staff at Herman Advanced Family Eyecare

I have read and understand the policy
